

Did you know...

One in four girls and one in six boys are sexually abused by their 18th birthday?

April is Sexual Assault Awareness Month. Imagine a world where children aren't hurt, where no one is assaulted, where everyone is treated with the dignity and respect they deserve. What will you do to make that vision a reality? Every person has the power to create change and make a difference toward ending sexual violence.

It all starts with you. It starts by deciding to become part of the solution. Learn the facts and know that every proactive action, big and small, will make a difference. To end violence we must acknowledge the reality, step up and unite our voices. We must proceed with compassion and believe those who tell.

We must not be silent. We must not be still.

Ending sexual violence takes all of us. What will each of us do?
