

Did you know...

Why Wendt Elementary School 5th graders go to Cispus Learning Center every year?

- Cispus's goal is to delay or prevent first use of drugs, alcohol, and tobacco.
- Cispus activities are designed to foster healthy risk taking, a sense of belonging to a group, and a feeling of self- confidence.
- Cispus program stresses personal responsibility in decision making.
- Cispus helps in the transition from 5th grade to middle school. The comparison was made to survival in the forest: to survive one must know the dangers and make choices that will help, not hinder survival.
- May 30th - American Lung Association provided "World No Smoke Day" Tee shirts
The Cispus experience is funded in part by Wahkiakum Community Network
